REIKI FIRST DEGREE

Reiki is very easily learned, very simple to use, and beneficial for all. It is one of many forms of healing through the use of the natural forces which were given the name Chi by ancient Chinese mystics.

A Reiki healing is very simply performed. The practitioner places his or her hands upon the person to be healed with the intent for healing to occur, and then the energy begins flowing. The Reiki energy is smart since the Universe is a very smart place indeed. The energy knows where to go, and what to do once it gets there, or else is being directed by a higher intelligence. The energy manages its own flow to and within the recipient. It draws through the healer exactly that amount of energy which the recipient needs. All this happens without direct conscious intervention by the healer.
